Dear Josh,

enclosed, please, find a copy of the memorandum that I have sent to Adriano. I am afraid that it is not very bright and convincing but it has been prepared in a great hurry. I have sent it also to Luca together with a copy of your letter. In addition, I have told Luca that perhaps it would be advisable if he could write directly to both Adriano and Caglioti. Please let me know if there is anything else that I can do (you may imagine how excited I am at the perspective of an "axis" Stanford-Pavia).

The pleasure of talking to you over the phone has been spoiled by an extremely poor reception. In any case, I guess that I have gathered the essentials, including the weather conditions in Palo Alto.

Best regards. Ciao
